SUBJECT: THEFT OF CRITICAL LOOM PARTS – VAMATEX DYNA TERRY
2007 MODEL

Dear Sir,

We, M/S Syfaa Textiles are Manufacturers and Exporters of Terry Towels based in Hub – Balochistan.

On the 29th of November, 2009 there was a theft at our factory located at Plot No. E-141 Hub Industrial Trading Estate – Lasbela Balochistan.

The following parts were stolen in this incident:

- LOOM 1 (Serial Number 69279) Stolen Items
 - Left PLS → Part Number 2658016
 - Right PLS → Part Number 2658016
- LOOM 3 (Serial Number 69278) Stolen Items
 - Left PLS → Part Number 2658016
 - Right PLS → Part Number 2658016
- LOOM 4 (Serial Number 69280) Stolen Items
 - Right PLS → Part Number 2658016
- LOOM 5 (Serial Number 69283) Stolen Items
 - Left PLS → Part Number 2658016
 - Right PLS → Part Number 2658016
- LOOM 6 (Serial Number 69271) Stolen Items
 - RTC Card → Part Number A5E166A
 - FFM Card → Part Number 0860078
 - Loop Height Card → Part Number 0860501
 - VX035 Board → Part Number 08604522
 - Inverter Drive Card → Part Number 0860658
 - Blower Card → Part Number 0860462

SYFAA TEXTILES

I would like to mention here that these parts are not available in the market. There are many Towel factories which have the same machines that are running short of these parts due to which their machines are out of order for some time.

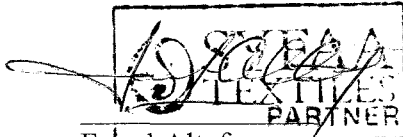

I would appreciate if your respected office could issue a notification to all Towel Manufacturers to be aware of such threats and take the respective precautionary steps to avoid such incidents in their premises.

These parts will be sold in the BLACK-market directly or indirectly to Towel Manufacturers who are the end users. In your notification please do ask the respective members to notify our office incase they are approached so that we can approach the culprits and discourage such thefts in our industries.

Respected Sir, we have to stop this foul practice here otherwise this will become a norm of the industry and it will further add to the losses suffered by this sinking industry.

I am available at the number/email listed below.

Thanking You,

Faisal Altaf
