Subject: Duty Free Status for Textile Machinery Spare Parts

Dear Member,

A representation has been made to the Ministry of Textile that import of all spare parts used by the textile industry should also be allowed DUTY FREE as has been done in the case of textile machinery. You are requested to provide the list of all such imported spares (with HS codes) which pertain exclusively to textile machinery so that the same may be submitted to the Ministry for duty free notification..

Please send your list to TMA latest by the 12th December 2009.

Yours truly,

Waqar Alam
Chairman
