Dear sir,

Financial Assistance for your Association Members.

Further to our meeting on the above subject, we have pleasure to introduce to you our co., Entrepreneurial Services Pvt. Ltd., which offers Marketing, Financial & Legal services to entrepreneurs.

Under Financial Services it offers:

- 1) Arrangement of funds for businessmen from Financial Institutions.
- 2) Placement of funds of our clients with financial institutions.
- 3) Settlement of dues.

We have come to know from the market that presently Banks are shy to extend financial assistance to businessmen. We have contacts with certain financial institutions who are ready to consider genuine cases under Islamic Financing. So if members of your Association are facing any problem in getting business loan please advise them to contact us.

Thanking you,
Yours faithfully
